

GHK-M25 Connection Kit

Modular System Accessories

CSA:
Ex e II -40°C ≤ Tamb ≤ +55°C

ATEX:
II 2 GD Ex e II

INDUSTRIAL HEATING SYSTEMS: MODULAR CONNECTION SYSTEMS

Applications

- The GHK-M25 Termination Kit provides heater cable terminations and watertight entry into an enclosure with minimum IP54 environmental ratings.
- The gland fitting is suitable for use with any approved enclosure with a maximum wall thickness of 4.76 mm (0.187 in) or with M25 threaded openings.
- A locknut is provided for use with non-threaded openings.
- This kit is designed for use with all wattages of Nelson Heat Tracing Systems LT-J, LT-JT, HLT-J and XLT-J heater cables.

Features

- Kit Contents
 - 1 Cable Gland, .M25 thread
 - 1 Locknut
 - 1 Sealing Grommet
 - 1 Power Termination, 101.6 mm (4.0 in)
 - 1 End Seal
